Dr. Mustafa ÇUFALI*

This study is mostly based on the research carried out in some university libraries in Britain, particularly Hallward Library at the University of Nottingham. In addition to those libraries, Abraham Bodurgil's study¹ was used to enlarge the list; moreover most of the articles were checked and corrected as they were found. His book is the most broadened and useful study on this area for researchers who study Atatürk era. This list only covers articles that were published in journals. It does not include papers that were presented at various conferences or symposiums. It does not cover articles that were parts of edited books, either. This study was divided into three main sections to make it easy to use; the period of the National Liberation war, the period of the Lausanne Conference and the Reform period. Each of them was also divided into various sub-sections.

ÖZET

Bu yazı yazarın doktora çalışması sırasında kişisel ilgisi nedeniyle değişik kütüphanelerdeki İngilizce dergilerden derlediği Atatürk dönemi hakkında yayınlanan makalelerden seçilmiş bir bibliyografya çalışmasıdır. Çalışmanın uzunluğundan kaçınmak için kitaplarda yer alan makaleler ve değişik yerlerde sunulan tebliğler liste dışı tutulmuştur. Okuyucuya ve araştırmacılara kolaylık olsun diye makaleler İstiklal Harbi Dönemi, Lozan Dönemi ve İnkılaplar Dönemi olmak üzere üç ana başlık altında toplanmış ve her başlıkta bazı alt başlıklara bölünmüştür. Listenin uzunluğu nedeniyle de makaleler üzerinde herhangi bir eleştiride bulunulmamıştır.

Anahtar Kelimeler: Atatürk, Bibliyografya, İngilizce Makaleler.
